I wonder if there are going to be more announcements than just the EC vote? I wonder if there are charges going to be dropped against some people. Maybe not in this election business yet, but maybe in the Russiagate stuff.

I also don't think he invited us there to fight either.

That would get really ugly really fast and I don't think he wants blood to be shed.

I still believe it's going to be a celebration.

Real talk. Trump would not invite all of his most committed people to D.C. to witness him lose and concede. You know and I know he won on Nov 3, but he's also won this battle and wants us there to witness it.

I have to say, what is he expecting from millions of Trump supporters showing up in DC on 1/6? Why doesn't he do more on his end to address the treason happening for the past 4 years in our country. I would hate to see a bunch of innocent Trump supporters arrested or worse, while protesting this fraudulent election, when Trump has done nothing but tweet.

Executive order for foreign election interference, ordering national guard to confiscate all voting machines in contested states, ordering national guard to uphold law and order in cities that were burned down by BLM/Antifa, demanding punishment for people responsible for the endless impeachment hearings and ordering the arrest of people who lied under oath. Instead the only people getting arrested are Trump supporters, the only people being murdered are Trump supporters.. If he toothless then we need someone who will bite back.
